### EXCUSED ABSENCES:

Excused absence requests can be approved by the CO only. If you know ahead of time that you will miss a scheduled drill, call no later than (WED) prior to drill for ET request. Have a make up date in mind. During drill weekend call YN2 Welch at (850) 452-2093.

### CHECK YOUR PROJECTED RETIREMENT PAY EASILY!

Go to: [www.navres.navy.mil/navresfor/navair/](http://www.navres.navy.mil/navresfor/navair/) to see what your monthly projected retirement pay would be. You may be pleasantly surprised!

### NOTES FROM ADMIN:

If you have NOT received your upcoming Plan of the Month within 24 hours of drill weekend completion, contact YN2 Welch.

### NOTES FROM CHIEF CHRISTY:

1. TSP is soon to be available for military personnel. Go to <https://www.tsp.gov> for information. A power point presentation is available at <http://www.navres.navy.mil/navresfor/n1/tsp.html>

2. For online pay information, and the ability to change tax information, go to <http://emss.dfas.gov>, and follow the directions.

3. A new program had been created, SGLI Family coverage. This will provide 100,000 dollars of coverage for spousal unit, and 10,000 for each child unit. I do not know the exact rate, I believe it is around twenty dollars a month for all. Every member is automatically enrolled, unless you fill out SGLV Form 8286A. The form is available at <http://www.insurance.va.gov/forms/forms.htm>> I strongly recommend all personnel with a spouse/kids take this coverage. The rates are excellent, no physical is required. If you opt out, and decide to enroll later, then a physical will be required.

#### **NOTES FROM TRAINING:**

It's good that everyone is getting their AT done and out of the way for the year. Just a reminder: SAVE all of your Original Orders so you can make sure you get credit for it when you receive your Annual Point Capture Sheet.

A quick look through everyone's medical record revealed a lot of missing physicals. Make sure your Annual Physical is up to date and **THE COPY IS IN YOUR MEDICAL RECORD!** We are our own Corpsmen, so we have to keep up our own medical records.

We are still trying to track down the paperwork on the CPR training we had last spring and get it in our records.

Security Training for November: Tactical Combat. December: Bomb Threats.

#### **NOTES FROM Command Senior Chief:**

First I would like to say this is going to be a long list from me for the POM. Everything I include for this month is of utmost Importance to everyone as I am sure you are aware.

I want everyone to extend a hand and a hardy Welcome Aboard to our New Commanding Officer CDR Tom Brice his wife Allison, Joseph and Mathew. CDR Brice is stepping into one of the most highly recognized Reserve Units in the U.S. Navy. We need to let them know they are part of this team and we will be there to guide, assist, and help them adjust to our rapid tempo of operations. Especially with the current threat conditions our Nation is under at this time.

We wish a fond farewell and following seas to CAPT (SEL) Raymond Kutch, Kim, Ray and Zack. They have become a mainstay in this Unit and it is very tough watching them transfer to another command. CAPT (SEL) says he is just leaving the Unit but his heart will always be a part of the unit and us. Personally I want to say BRAVO ZULU to you Skipper and thank you for making this unit what we have become, there are many words I would like to say but I am unable to put them all down in this POM. On behalf of this Unit we all wish you, Kim, Ray and Zack the best for the coming years. We are all extremely proud to have served under your command SIR. Best wishes on all your future plans.

September 11, 2001: As we all know this will be a day we will never forget. We always will remember what we were doing when we first heard of the devastating attack on our country. I want each of you to know I am extremely proud of you for the way you have faced this challenge without second thoughts. Most of this unit responded immediately to the request for manpower by NAS and we were able to shore up security with 11 members the morning after. The rest of you have all given of your time by

coming in and pulling extra drills requesting extra AT, extending AT and requesting recall. We have been a major asset to NAS Pensacola and CAPT Bahr is very proud to have us onboard carrying out the mission of security. I know we face adversities and unknown hostile actions in the near future but I also know this Country will remain strong, will recover and will prosper because we have people like each one of you, ready to do what it takes to maintain Liberty and Freedom in America. If all America has the devotion and commitment each of you have there is no way America will even consider allowing terrorist to do what they done and walk away from it. Keep your spirits up, Fly Old Glory high and keep the faith.

I would like to take the time to recognize one of our Reserve Unit members who paid the extreme sacrifice on September 11, 2001. Christopher S. Dezendorf was on the 82<sup>nd</sup> floor of World Trade Center #2 when it was struck and collapsed. We did not know of his status until Thursday October 04. His death was confirmed on this date. He leaves behind a young wife as they were only recently wed. To her we send out our condolences and express our sorrow and sadness for this tragic loss. The President stated the day after the strike that by the time every missing person was accounted for that no one in America would be spared the hurting from the loss of a relative, or friend. A truer statement has never been said as we can see, We as a unit suffer from a personal loss of one of our on. Chris we miss you and will never forget the joy and laughter you brought to this unit. You are safe now and may you spread your wings and fly peacefully as you watch over the rest of us.

Mobilization Recall: All hands ensure your records are correct and up to date, Personnel, Medical, Dental, Training and Financial. With the tempo of operations it is very possible that you will be recalled on a moments notice and all times need to be ready to go. You will have between 48 and 72 hours to report to the reserve center to begin processing. Have your sea bag and all of your equipment ready to move out. Wills, Powers of Attorneys and Custody care orders are being conducted by the Legal department at your mobilization site. Our MOB site is NAS Pensacola. This does not mean this will be our gaining command it is feasible that we could be sent out at the needs of the Navy, be prepared.

When you report to the MOB Center make sure you have the following. Your Mortgage statement, children's dependency information, if you are in College you will need a copy of your transcript and classes as well as a copy of your enrollment form. If you have adult Children in school who are your dependents you will need their transcripts to show dependency. Make sure you pre-arrange all items now and be ready to deploy.

Remain Brave and strong in the Face of our Enemy, don't let your guard down. We are going to overcome and AMERICA will survive.

*ABHCS D. M. HOPKINS*

**Attention All Hands !!!**

**December drill has been rescheduled for November 8 - 9, 2001. Any problems or concerns please feel free to contact CDR Brice.**

**CO's Remarks:**

Thank you to everyone for the outstanding Change of Command ceremony. Everything went extremely smoothly and the unit looked sharp! I am extremely proud to assume command of such a great unit. The dinner at Landry's was wonderful, and my wife Allison enjoyed meeting all of you. Thanks for attending. I am really looking forward to a great tour here.

The Blue Angel Homecoming Airshow will be 8-10 November 2001. All December drills will be automatically rescheduled to 8-9 November. If you are unable to perform your December drills in November, please contact me as soon as possible.

We have received word of a possible unit recall. We will be meeting very soon with representatives from CNET to determine our course of action from here. As Senior Chief Hopkins stressed above, be ready to mobilize. Get the necessary documents in order, and be thinking of the information needed to update your wills and powers of attorney. We will let you know about our mobilization status as soon as we find out. Until then, take care and be safe.
